Subject: Inquiry about the API

Good morning, afternoon, or evening Mr. Roberto Alcivar,

I hope this message finds you well.

The purpose of this message is to inquire about the status of the business API, as we are about to begin preparations for development.

If it is ready, we could schedule a meeting to discuss further.

With nothing else to add, except to express our gratitude for your patience and loyalty.

Best regards.

From: ralcivar@saia.com.ec **<ralcivar@saia.com.ec>**
